DAY 2: PRIVATE GOLDEN CIRCLE & GLACIER EXPERIENCE

For the next three days you will be travelling with your private guide to some of the best highlights of Iceland! We will be starting with the Golden Circle, a popular route that contains some of the country's most famous attractions. The first stop is **Pingvellir** National Park, the site of Iceland's first parliament and a place where you can walk in a rift valley between continents. Next is the Haukadalur geothermal area, home of **Geysir** — the original geyser—and the more active Strokkur, which spouts every few minutes. Next up is the beautiful **Gullfoss** waterfall, where you can watch water thunder and tumble down the two tiers of the cascade.

Next, you will shift gears for a little adventure and head up on the vast **Langjökull glacier**. Once you're on the glacier, you will join a 1-hour snowmobile tour (non-private) where you will drive your own snowmobile before heading on to your accommodation for the night.

Spend the night in the Golden Circle area

Included Activity: 1-hr Snowmobiling on Langjökull Glacier (1 person per snowmobile)

Attractions: Geysir, Gullfoss, Langjökull Glacier, Þingvellir

DAY 3: SOUTH COAST, WATERFALLS & BLACK SAND BEACHES

This morning, get back on the road with your guide and take the scenic journey to two beautiful waterfalls along the south coast, **Seljalandsfoss** and **Skógafoss**. Seljalandsfoss is situated along the Seljalandsá river where the waterway plummets 40 metres over a cliff face. Seljalandsfoss is unique among waterfalls, as the shape of the cliff over which it falls allows visitors to walk behind the chute via a footpath at the base of the falls. Meanwhile, Skógafoss is a magnificent 60-metre high waterfall and one of Iceland's most photogenic landmarks; since the waterfall produces a lot of mist, rainbows are a common sight on sunny days.

Before arriving at the village of **Vík**, you will visit the black volcanic beach south of the village, from where you can view the unique rock formations Dyrhólaey and **Reynisdrangar**.

Spend the night in Kirkjubæjarklaustur area

Attractions: Dyrhólaey, Reynisfjara & Reynisdrangar, Seljalandsfoss, Skógafoss, Skógar, Vík í Mýrdal

DAY 4: THE GLACIER LAGOON & DIAMOND BEACH

Today your guide will be driving to the glacier lagoon, located in the far southeast corner of Iceland. It's a long drive but definitely worth the journey! We highly recommend adding a boat tour to the day if you are visiting in season (May – September). This is one of Iceland's best known and most photographed locations. Afterwards you will stop by the so-called diamond beach, where you will see chunks of ice glistening on the black sands. Travel back along **Vatnajökull National Park** towards Vík where you will spend the night.

Spend the night in Vík area.

Attractions: Fjallsárlón, Jökulsárlón Glacier Lagoon, Skaftafell, Vatnajökull National Park

DAY 5: THE MAJESTIC GLACIERS & EYJAFJALLAJÖKULL VOLCANO

We will travel along the south coast returning to Reykjavik today. We will, however, make a detour to explore the mighty glaciers on the way back. Your guide will take you to visit **Gígjökull**, view the infamous **Eyjafjallajökull** volcano, and go to a spectacular hidden canyon that is rich with unique flora, green moss and a beautiful waterfall.

Next, get ready for some serious jeep action, including splashing through glacial rivers, so fasten your seatbelt, keep your windows closed and experience the fun! You will return to Reykjavik and spend the evening at leisure.

Spend the next two nights in Reykjavik.

Attractions: Eyjafjallajökull, Gígjökull, Gljúfrabúi
