DAY 2: WEST ICELAND: WONDROUS WATERFALLS & GLACIER ADVENTURES

Start the day by meeting your private driver-guide after breakfast at your hotel before beginning your journey to the idyllic Icelandic countryside. First, you'll pass by the bountiful **Borgarfjörður** area on the west coast of Iceland. Sights along the way include the twin waterfalls **Hraunfossar** and **Barnafoss** along with the **Deildartunguhver** hot spring.

Next you'll head to **Langjökull** glacier where you will experience a truly icy adventure, venturing inside a glacier! With this unique activity, you will have the chance to experience the actual ice in Iceland, with a guided group tour inside the island's second largest glacier. An enormous, modified truck, outfitted for the glacier, will transport you to the manmade tunnel, which exposes the beautiful blue ice and allows you to see crevasses and the glacier's unique characteristics.

After the tour enjoy a relaxing time at the charming Hotel Húsafell, located in scenic surroundings, before visiting the heavenly Húsafell Canyon Baths.

If you would like to add more adventure to the day, you can book optional activities. Choose a snowmobiling tour on Langjökull combined with Into the Glacier, or a private helicopter ride from Reykjavík to the glacier on Langjökull.

Spend the night at **Hótel Húsafell (Deluxe)**.

Average Driving Distance: 180 km / 111 mi.

Average Travel & Exploring Duration: 8-9 hours

DAY 3: GOLDEN CIRCLE & KALDIDALUR HIGHLAND ROUTE

Today's journey brings you up close and personal with some of Iceland's most popular south Iceland attractions along the classic **Golden Circle** route. Your private driver will traverse the highlands through the Kaldidalur route, when in season, which is a scenic road next to Langjökull glacier.

Start with a visit to the fascinating **Pingvellir National Park**, a UNESCO World Heritage Site. Here, you can walk on a path in the rift valley between the North American and Eurasian tectonic plates and learn about the first site of Iceland's democracy.

Next on the route is the Haukadalur geothermal area, where you can see **Geysir** – the original “geyser” – and its more active neighbour Strokkur, which spouts water and steam metres into the air every few minutes.

End the day's adventure with a visit to the two-tiered, roaring **Gullfoss** waterfall, one of Iceland's most memorable sights, before journeying on to your luxury hotel for the night.

Spend the night at **Hotel Geysir (Suite)**.

DAY 4: SOUTH COAST, WATERFALLS & BLACK SAND BEACHES

This morning you're back on the road with your guide to take on the highlights of the south coast. First, you'll stop by two beautiful waterfalls, **Seljalandsfoss** and **Skógafoss**.

Seljalandsfoss is situated along the Seljalandsá river where the waterway plummets 40 metres over a cliff face. It is unique among waterfalls, as the shape of the cliff allows visitors to walk behind the chute via a footpath at the base of the falls. Meanwhile, Skógafoss is a magnificent 60-metre-high waterfall and one of Iceland's most photogenic landmarks. The fall produces a lot of mist and so rainbows are a common sight on sunny days.

Before arriving at the village of **Vík**, you will visit the black volcanic beach south of the village, from where you can view the unique rock formations **Dyrhólaey and Reynisdrangar**.

Spend the night at **Hotel Magma (Deluxe)**.

We highly recommend booking an optional boat tour to make your visit even more memorable. This is one of Iceland's best known and most photographed locations where you will see towering icebergs bob and glide in the water. Afterwards you will stop by the nearby **Diamond Beach**, where you will see chunks of ice glistening on the black sands.
