DAY 2: JOURNEY THROUGH WEST ICELAND

Today your journey to the Westfjords begins! This region of Iceland is remote, far from bustling towns, allowing you to be close to nature in an area that few tourists get to experience. After your morning pick-up, you'll travel with your guide and fellow travellers through beautiful west Iceland. Along the way, there will be a stop in Borgarnes at the Settlement Centre, where you can enjoy the exhibitions about Iceland's first settlers. After lunch at the museum restaurant, you will then get to see the largest (by volume) hot spring in the world, Deildartunguhver, followed by the beautiful twin waterfalls, Barnafoss and Hraunfossar, that flow over a lava field.

After driving through more impressive landscapes, you will arrive to Heydalur guesthouse and enjoy a three-course dinner in the evening followed by some optional relaxation in the hot tubs outside. The night ends with a leisurely search outside for the northern lights with the guide and others in your group.*

Spend the next four nights at the Heydalur Guesthouse.

**Please note that the northern lights are a natural phenomenon, so sightings cannot be guaranteed.*

Heydalur is a beautiful area to visit and spend time hiking, but it is quite isolated during the winter months as it is far from other towns and villages and the weather and roads can be challenging. The only services available in the region are at Heydalur.

DAY 7: THE CLASSIC GOLDEN CIRCLE

Today you will visit some of Iceland's most famous attractions with a guided personal small group tour of the classic "Golden Circle" route in South Iceland. One of the many highlights on this journey is Þingvellir National Park, a place of great historical and geological significance that is also listed as a UNESCO World Heritage site. Þingvellir is the site of the country's first parliament and is located along the edge of the great rift created by the drifting of the Eurasian and American tectonic plates. Other attractions include the beautiful two-tiered Gullfoss waterfall and the spouting hot springs of Geysir. While Geysir lies dormant, its neighbour Strokkur erupts every few minutes, gushing steam and water from the bowels of the earth. A taste of Icelandic food and drink is included during the tour. On return to Reykjavik, you will see the beautiful waterfall Faxi.
